

# SECURITY #REIMAGINED

IT'S EVERYBODY'S BUSINESS

## More regulations to protect customer information and interest

**Existing regulations**  
SOPA\* and PIPA\*\*

**New regulations**  
MiFID II# and individuals' data GDPR##

## 2018 will be the year of AI versus AI

Fraudsters will use AI to breach firewalls

Banks will use AI and mature biometrics to protect their data

## Banking ecosystems will multiply

Unprecedented amounts of data sharing

Security becomes everybody's responsibility

\* Stop Online Piracy Act

\*\* PROTECT IP Act

# Markets in Financial Instruments Directive

## General Data Protection Regulation

#ReimagineBanking
